

INTERNATIONAL  
BEAUTY INSTITUTE

# Course Catalog

# About Us

The International Beauty Institute is the culmination of years of industry experience to bring you the most advanced curriculum available. Our staff is committed to giving you a well-rounded education to guide you to the career you want.

A modern International Curriculum shows our commitment to the evolving Aesthetic Industry Standards worldwide. We are always at the pulse of change and innovation in the beauty industry.

We currently service Mississauga, Toronto, Etobicoke, Hamilton, Oakville, Burlington, Niagara and all surrounding areas.

## **IBI INSTRUCTORS:**

IBI instructors include Medical Aestheticians, Laser Technicians, Lash Technicians and Make-up Artists ready to assist YOU in reaching your career goals.

All of our instructors are required to have a minimum of 4 years of industry experience. Our programs provide “real-life” training, which is one of the reasons our students are so successful upon graduation. We are here to support and guide you after you graduate to get the job you want. We will also help you set up your own business.

Your success is our success!

# Medical Aesthetics Certificates

## Laser

This course offers advanced theoretical knowledge on laser physics, tissue interactions, skin typing, consultations and more. Learn on four state of the art laser machines including a Diode laser (hair removal), IPL (Photo rejuvenation/Acne Reduction), and Radiofrequency (skin tightening/body contouring), and EMS (Electronic Muscle Stimulation).

**Tuition Fees \$2380.00**

**Book \$110.00**

**Total \$2490.00**

## Laser Hair Removal

This one day training will teach you laser hair reduction using the MedioStar Next Diode laser. Diode Lasers are the gold standard in hair removal. Emphasis is placed on practical experience.

**Tuition Fees \$1990.00**

## Laser Tattoo Removal

(Only available at Mississauga and Hamilton campuses.)

Students will learn theory on Q-Switched lasers and their use for pigment removal and tattoo removal. Students will perform thorough consultations and tattoo removal treatments on models.

**Tuition Fees \$1250.00**

*\*Prices are subject to change without notice*

# Medical Aesthetics Certificates

## Body Contouring & Skin Tightening

This certificate gives students a thorough understanding of Body Contouring and Skin Tightening using Radiofrequency and EMS Technology. This is one of the most sought after treatments in the Medical Aesthetics industry today. Students will be exposed to both theory and practical during this one day training. Students are encouraged to bring in their own models to work on.

**Tuition Fees \$1250.00**

## Skin Care

This course teaches students how to identify and treat a variety of skin concerns. An emphasis is placed on cosmeceutical and medical-grade product lines. Students will practice consultations and facials on models daily. Using Dermo28's skincare line, students will learn to treat all skin types with classic and advanced facial treatments.

**Tuition Fees \$2390.00     Book: \$100**

**Kit Included**

## Microneedling

Students will learn how to perform a thorough consultation and treatment on clients for this advanced microneedling treatment. Students will learn indications and contradictions for the treatment, proper depth of needles for skin conditions and post treatment care.

**Tuition Fees \$1000.00**

## Dermaplaning

This method of exfoliation targets the fine vellus hairs and dead skin cells on the skin's surface to provide clients with the ultimate results in smooth skin! Students will learn the treatment protocol with the hand-held blade. Learn how to treat various skin types and consult clients on combining this service with other treatments.

**Tuition Fees \$650.00**

**Hand tool and 5 blades included!**

*\*Prices are subject to change without notice*

# Medical Aesthetics Certificates

## Chemical Peels

Learn this skin resurfacing procedure that removes the outer layer of the skin. This allows a new layer of skin to form that is smoother and younger looking. Chemical Peels treat acne, acne scarring, fine lines, wrinkles, uneven skin tone, and dryness. Using Dermo28's skincare line you will learn to treat all skin types with peels of different intensities.

**Tuition Fees \$1140.00**

**Book: \$110.00**

---

## Hydradermabrasion

You will learn an advanced, medical-grade resurfacing treatment that clears out pores and hydrates the skin. This non-invasive treatment utilizes different hand pieces with multiple technologies. Its many benefits include skin hydration, brightness, plumping, and a clearer complexion. This treatment appeals to all ages, complexions, and skin concerns.

**Tuition Fees \$1000.00**

**Machine (optional): \$1000.00**

## Microdermabrasion

Learn this minimally invasive procedure that is used to renew overall texture and skin tone. Microdermabrasion uses an applicator with an abrasive surface to gently exfoliate the outer layer of the skin. Emphasis is placed on practical experience on peers and clients.

**Tuition Fees \$1140.00**

**Book: \$110.00**

*\*Prices are subject to change without notice*

# Aesthetics Certificates

## Body Treatments

Add to your skin repertoire with our body treatments certificate! Learn full body, hot stone, aromatherapy and Swedish massage techniques.
